

2021 Mid-Year Bulletin

CRA's fiscal year comes to an end on June 30, and I would like to provide you with a current update for our Hill Country Chapter.

We hope you and your family stayed safe and healthy during the past 15 month's pandemic period which severely impacted many aspects in our lives. As we are slowly getting back to some normality, our board has met virtually to discuss plans for the remainder of 2021. The board agreed we should plan for two events, one in September and another in December. We are currently looking at several venue possibilities and will inform you of our decisions once we have signed contracts. We will continue following guidelines provided by the CDC, Federal, State, and local officials. Your chapter's board is scheduled to meet in person on November 18, 2021 at the Marble Falls Library to discuss plans for 2022. Minutes of this meeting will be provided to all members soon afterwards.

Our current chapter membership is 253. Twenty-five new members were added for 2021. Additionally, we have fourteen new members for 2022. We express sincere appreciation to those joining us recently, and those members who renewed their membership during this unusual pandemic year. Our current membership remains at a better than average level considering the past ten years. We will continue providing frequent communication via email and hope to restart our quarterly events as soon as possible. To continue increasing our chapter membership, we ask that all members take the initiative of encouraging Chevron retirees they may know who are not chapter members to join. The application form is available on our chapter website.

CRA's 2021 Annual Meeting is scheduled for October in Los Angeles. The Association has elected a new president, Brad McCullough, whose election was accomplished virtually owing to cancellation of the May Annual Meeting. We will provide minutes of the October meeting when they are made available to us.

Stay safe and stay healthy. Let's hope we soon return to normalcy!

**Paul Skakun
President, Hill Country Chapter
Chevron Retirees Association**
